

CHESWICK GREEN RESIDENTS' ASSOCIATION

June 2010

Cheswick Green Residents trip to Bristol: On Saturday 15th June 43 residents set off on Johnson's coaches for a day out, destination Bristol dockside close to the museum ship SS GREAT BRITAIN. The weather was kind to us and the motorway provided a trouble free journey.

Some of the group went around the ship, which was very interesting as it told the social history of the times that the voyages were made. Others strolled around the exhibitions along the dock area, or went to see the shops by water taxi and then others enjoyed a day in the dockside pubs!. There was plenty to interest whatever your taste.

This is the 4th trip we have arranged, previously Bath, Liverpool and Windsor. Interest has been shown for a future day trip either to the seaside in the school holidays or an autumn trip to Blackpool to include the lights. Please let us know of your ideas as we are pleased to arrange a low cost friendly day out for neighbours and friends to enjoy together

Friday Toddlers Club: I had occasion to visit this club which is held on Friday mornings at the Village Hall. What a fantastic surprise awaited me. I was delighted to see the amount of equipment, the variety of options and to feel the friendly atmosphere that has been created for children and parents alike.

I was also surprised to hear that all this is provided on a voluntary basis by some dedicated Mums and I felt that the wider Cheswick Green Community should be made aware of this facility and to publicly say a huge Thank You to all who make this happen. It is a fine example of community cohesion in action. Well done,.

Don't forget – Party-in-the-Park – Saturday July 17th
